

Our Fund Raiser – Update 15th September 2026

We have reached our target of £4,000 for some portable lights to give more flexibility on winter training. The balance today stands at £4,219.87.

£4,200 has been ring-fenced in a separated HH bank account whilst coaches put together an acquisition plan.

The deposit account where the contributions have been held now stands at £19.87.

As we have reached our target, those contributing may wish to now stop their monthly bank transfer. If continued, the money will go towards purchasing items specifically for our group to help with delivery of the sessions.

Thank you for your valuable contributions.
